## DEMOCRATIC NOMINATIONS

For Recorder, Allen County,  
PLATT J. WISE.  
County Commissioner, 3rd District,  
JOHN SHAFFER.  
District Attorney, Common Pleas,  
JOSEPH S. FRANCE.  
Pro. Attorney, 10th Circuit,  
MOSES JENKINSON.

## Fort Wayne Sentinel.

SATURDAY, OCTOBER 8, 1859.

The ELECTION comes off next Tuesday, and we hope our citizens will all feel it their duty to attend the polls. Mr. Wise, our present popular Recorder, is the democratic candidate for re-election. There is no regular opposition. Mr. Davis, who was nominated by the republican committee, having prudently thought fit to decline. John P. Hedges, who is a standing applicant for office, is running as an independent candidate. Mr. J. Shaffer is our nominee for County Commissioner, and is every way well qualified for the office, so much better than his opponent, Judge Coleman, that we expect he will receive the votes of even such republicans as look to the interests of the county rather than to mere party predilections.

We notice Mr. Hedges has issued a circular complaining that the sheriff has dismissed him from his employ as deputy, and alleging that this was done at the persuasion of some democratic leaders, because he was running in opposition to the democratic ticket. He seeks to make capital out of this, and describes himself as a persecuted, proscribed, and ill-used man, entitled to popular sympathy in his manifold afflictions and tribulations. This is an old and common electioneering dodge—the cry of persecution is considered very potent on such occasions. In this case, however, any sympathy would be misplaced, as the whole charge of persecution and despatch is totally without foundation. We have the best authority for saying that Mr. Hedges was soon dismissed at the persuasion of some democratic leaders, as he asserts; that no democrat ever made any such request to Mr. Fleming; and that he was dismissed simply because he occupied so much of his time electioneering, that he was unable to attend to the duties for which he was engaged. The business had to be done, and as Mr. Hedges could not do it, Mr. Fleming was compelled to entrust it to some one who could.

This is the whole foundation of the charge of persecution, and we leave it to the voters of Allen County to say whether a man's neglecting the business for which he was paid, and then making unfounded charges against his employer, is any good reason why he should be entrusted with a public office, which above all others requires promptness and attention.

Against Mr. Hedges we entertain no ill-feeling; but we consider it a duty to show that his claims to popular sympathy are without grounds; and also to defend those who are unjustly charged with persecuting him. We leave the matter with the voters of Allen Co., and feel satisfied that such a wise electorate will meet the rebuke it is destined to receive.

### Constitutional Convention.

Each voter, when he goes to the polls on Tuesday, will be asked the question whether he favors or against a Convention to amend the present Constitution—those in favor to vote Yes, and those opposed No. Every one, therefore, should determine, previous to going to the polls, how he will vote, so that he will be able to answer intelligently. We have freely expressed our own views on this point. We do not think there is any necessity for such a Convention. The present Constitution can be amended without involving the State in the enormous expense of holding another Constitutional Convention, which would probably impede us in our efforts to secure the adoption of such amendments as we desire to see made to the people's charters; and the voters can approve such as they like and reject such as they do not like. When the Constitution can be easily amended, and at no expense, is it not a better plan to pursue that course instead of calling a new Convention? It is generally agreed as good policy "to let well enough alone"; and, in our judgment, the voters of this State will act wisely if they will apply this rule to the Convention question.

All who are in favor of economy, and opposed to spending public funds in trying doubtful and dangerous experiments—all who desire to simplify our laws and experiments—all who are opposed to constitution tinkering and do not wish to be the dupes of demagogues who hope to bring about the proposed convention—all who are opposed to special legislation and to the various frauds and speculations it will bring about; and who do not wish the adoption of the Massachusetts scheme to place negroes among the educated white citizens—will vote, as we suppose, to Allen County, unanimously, against the convention.

## DEMOCRATIC NOMINATIONS

For Recorder, Allen County,

PLAID J. WISE.

County Commissioner, 3rd District,

JOHN SHAFFER.

District Attorney, Common Pleas,

JOSEPH S. FRANCIS.

Pro. Attorney, 10th Circuit,

MOSES JENKINSON.

## Fort Wayne Sentinel.

SATURDAY, OCTOBER 8, 1859.

The ELECTION comes off next Tuesday, and we hope our citizens will all feel it their duty to attend the polls. Mr. Wise, our present popular Recorder, is the democratic candidate for re-election. There is no regular opposition, Mr. Davis, who was nominated by the republican committee, having prudently fit to decline. John P. Hedges, who is a standing applicant for office, is running as an independent candidate. Mr. J. Shaffer is our nominee for County Commissioner, and is every way well qualified for the office, so much better than his opponent, Judge Coleman, that we expect he will receive the votes of even such republicans as look to the interests of the county rather than to mere party pretensions.

We notice Mr. Hedges has issued a circular complaining that the sheriff has dismissed him from his employ as deputy, and alleging that this was done at the persuasion of some democratic leaders, because he was running in opposition to the democratic ticket. He seeks to make capital out of this, and describes himself as a persecuted, persecuted, and ill-used man, entitled to popular sympathy in his manifold afflictions and tribulations. This is an old and common electioneering dodge—the cry of persecution is considered very potent on such occasions; in this case, however, any sympathy would be misplaced, as the whole charge of persecution and prosecution is totally without foundation. We have the best authority for saying that Mr. Hedges was not dismissed at the persuasion of any democratic leaders, as he asserts; that no democrat ever made any such request to Mr. Fleming; and that he was dismissed simply because he occupied so much of his time endeavoring to get him elected, that he was unable to attend to the duties for which he was engaged. The business had to be done, and no Mr. Hedges could not do it. Mr. Fleming was compelled to content it to some one who could.

This is the whole foundation of the charge of persecution, and we leave it to the voters of Allen County to say whether a man's neglecting the business for which he was paid, and then making unfounded charges against his employer, is any good reason why he should be entrusted with a public office, which abets all others requires promptness and attention.

Against Mr. Hedges we entertain no ill-feeling; but we consider it a duty to show that his claims to public sympathy are without ground; and at a time when those who are unjustly charged with persecuting him. We leave the matter with the voters of Allen Co., and feel satisfied that such a course of electing him will meet the rebuke it is entitled to.

### Constitutional Convention.

Each voter, when he goes to the polls on Tuesday next, will be asked the question whether he is for or against a Convention to amend the present Constitution—those in favor to vote Yes, and those opposed No. Every one, therefore, shall determine previous to going to the polls, how he will vote, so that he will be able to answer promptly. We have freely expressed our own opinion on this point. We do not think there is any necessity for such a Convention. The present Constitution can be amended without involving the State in the enormous expense which another Constitutional Convention would inevitably impress upon it! The Legislature can at any time submit to the people such amendments as may be considered advisable, and the voters can approve such as they like and reject such as they do not favor. When the Constitution can be so easily amended, and at no expense, is it not the better plan to pursue that course instead of calling a new Convention? It is generally regarded as good policy "to let well enough alone," and, in our judgment, the vote of this State will not wisely if they will apply this rule in voting on the Convention question.

All who are in favor of economy, and opposed to encumbering public funds in trying doubtful and dangerous experiments—all who desire stability in our laws and public policy—all who are opposed to constitutional tinkering and do not wish to be the dupes of designing men, or to minister to the vanity of designing men who hope to be delegates to the proposed convention—all who are opposed to special legislation and to the numerous frauds and speculations it will encourage; and who do not wish the adoption of the Massachusetts scheme to place negroes above naturalized white citizens—will vote, we hope to see Allen Co. do, unanimously against the convention.

Union Fair.—The Union Fair was held at Kendallville, on Wednesday, Thursday, and Friday last. We were present on Thursday. The exhibition was good, but not so large as we had expected—owing, probably, in some degree to the oversight of the managers in failing to secure the co-operation of the local press. There were some very fine Durham cattle prominent among which was the stock of J. D. G. Nelson of this place. The show of hogs was small, but included some very fine specimens. The same may be said of sheep. Horses were more numerous, and among them were several fine trotting mares. In machinery and agricultural implements, we noticed a few reaping and mowing machines, several mills for crushing sugar cane, and an excellent boiling or evaporating apparatus—a superior lot of ploughs mostly from Mishawaka; some good wagons made at Kendallville, and several horse carriages.

The liberal hall was an extremely neat affair, and contained a beautiful lot of dahlia's, and other flowers, chiefly contributed, we believe, by Mr. Mayer and Mr. Nelson of this place; besides several specimens of fancy articles, which spoke loudly in praise of the skill and taste of the ladies of the district.

The exhibition of fruits was very good; there was also a fine display of manufactured vegetables of all kinds, and some good samples of grain, seed, and other field crops.

The attendance was large. We should think at least 4,000 persons were present on Thursday, and on the whole we should say the fair, though not large, was a decided success. We have not yet learned the award of premiums.

PS.—We have just learned that the total receipts at the gates amounted to about \$150.

On the California Democratic State Convention adopted the Ohio resolutions of the last Democratic Convention held in that State; and Mr. Leathem, the Governor elect, in accepting his nomination, thus stated his creed:

"We stand by the principles of popular sovereignty and non-interference, as they were laid down by the Kansas Nebraska bill of 1854. We stand by the Cincinnati Platform. We stand by the Administration of James Buchanan, and above all these, we stand by the man who

integrity of the Democratic party, as we feel it upon the success of the principles of our party depends the happiness and prosperity of our beloved and common country."

With this platform and this exposition of his creed, Mr. Latham has been elected by 20,000 majority; both Democratic members of Congress are elected by overwhelming majorities, and the Democrats have also elected almost every member of both branches of the Legislature. The Golden State is sound to the core—Horace Greeley has recently been making an electioneering tour through the State, and trying to patch up an union between the different factions of the opposition. But all was of no avail. The Democrats beat the combined opposition 20,000 votes, and Republicans are now in control in that State.

The result will be a surprise to the opposition in the Atlantic States. Owing to the divisions in the Democratic ranks between Gwin and Broderick they confidently expected to carry the State. They made a perfect fusion with the bolted and disaffected Democrats, but the Democratic State ticket was carried triumphantly over all—bolters, republicans, and opponents of all shades and colors met in common and unanimous defeat.

Boots and Shoes.—W. Jacobs & Sons, we notice, are doing a good business. Their stock is quite large and well selected—everything in their line may be found among their assortment, of the latest styles and best quality. They are now manufacturing extensively, and having Mr. Peter Kline, the popular boot and shoe maker of Fort Wayne, associated with them as foreman and superintendent of the manufacturing department, their work will be found of superior quality. They sell cheap, and Mr. Jacobs is well known as one of the most attentive and obliging men to his customers that ever lived. We are glad to learn they meet with success in business, for they assuredly deserve it. See their advertisement.

NEW ORLEANS, Oct. 4.  
Walker and son failed from Bickwicks Bay on Saturday in their own steamer without clearance.

### Arrival of the Hungarian.

PARTHIAN POINT, Oct. 1.

The steamship Hungarian is below coming up the Lachine Canal to Wednesday 21st, four days later than delayed by the Asia at New York. She will be due at Quebec to-morrow.

Great activity prevailed in England in preparing the Chinese expedition. Prince Metternich had returned to Paris and held a Conference with Count Waldeck. They had been so impudent in French Commercial affairs. The crops had failed of greatly from last year's figures. After several days suspension the Zurich Conference resumed its sittings on the 19th.

The King of Sardinia left Turin on the 19th on a tour to Paris, Cremona, Lodi, etc.

Rochester, Oct. 1.

A Failure.—The Democrat says Du Lave's attempt to carry a man across the Genesee River on his back on a tight rope, was a decided failure.

He lost his balance, but unfortunately both adrostors caught one on the rope and the other on the guy. The perils moment blighted every cheer among the spectators with dread.

PHILADELPHIA, Oct. 3.

Another Pillibuster Expedition.—A special Washington despatch to the North American says that it is well known in Milwaukee circle here, that another formidable expedition has already succeeded in leaving New York and Charleston, but the parties will make no secret of their destination. The expedition on board the Great Eastern had terminated.

Verdict of the Jury as follows: "We find that the deceased came to their death

in consequence of bursting a jacket and

caused a fatal wound to his heart.

The Manchester Guardian in an editorial on Gen. Harney's occupation of the island to San Juan says the American General's exploit seems to have been nothing more than that of those acts of piracy by which lawless representatives of the United States are accustomed to settle disputes with weaker and more lawless neighbors.

But the American General, putting the last finishing touch to what he had planned, has doubtless frustrated the expedition.

## DEMOCRATIC NOMINATIONS

For Recorder, Allen County,

PLATT J. WISE,

County Commissioner, 3rd District,

JOHN SHAFFER.

District Attorney, Common Pleas,

JOSEPH S. FRANCIS.

Pro. Attorney, 10th Circuit,

MOSES JENKINSON.

## Fort Wayne Sentinel.

SATURDAY, OCTOBER 8, 1859.

This Election comes not 'till Tuesday, and we hope our citizens will all feel it their duty to attend the polls. Mr. Wise, our present popular Recorder, is the democratic candidate for reelection. There is no regular opposition, Mr. Davis, who was nominated by the republican committee, having prudently thought fit to decline John P. Hedges, who is a standing applicant for office, is running as an independent candidate. Mr. J. Shaffer is our nominee for County Commissioner, and is every way well qualified for the office, so much better than his opponent, Judge Collier, that we expect he will receive the votes of even such republicans as look to the interests of the country rather than to mere party distinctions.

We notice Mr. Hedges has issued a circular complaining that the sheriff has dismissed him from his employ as deputy, and alleging that this was done at the instance of some democratic leaders, because he was running in opposition to the democratic ticket. He seeks to make capital out of this, and describes himself as a persecuted, proscribed, and ill-used man, entitled to popular sympathy in his manifold afflictions and tribulations. This is an old and common electioneering dodge—the cry of persecution is considered very potent on such occasions. In this case, however, any sympathy would be misplaced, as the whole charge of persecution and proscription is totally without foundation. We have the best authority for saying that Mr. Hedges was not dismissed at the instance of any democratic leaders, as he asserts; that no democrat ever made any such request to Mr. Fleming; and that he was dismissed simply because he occupied so much of his time electioneering, that he was unable to attend to the duties for which he was engaged. The business had to be done, and as Mr. Hedges could not do it, Mr. Fleming was compelled to entrust it to some one who could.

This is the whole foundation of the charge of proscription, and we leave it to the voters of Allen County to say whether a man's neglecting the business for which he was paid, and then making unbounded charges against his employer, is any good reason why he should be entrusted with a public office, which above all others requires promptness and attention.

Against Mr. Hedges we entertain no ill-feeling; but we consider it a duty to show that mechanics to public sympathy are without grounds; and to defend those who are unjustly charged with persecuting them. We leave the matter with the voters of Allen Co., and feel satisfied that such a course of electioneering will meet the rebuke it deserves.

**Constitutional Convention.**  
Each voter, when he goes to the polls on Tuesday next, will be asked the question whether he is for or against a Convention to amend the present Constitution—those in favor to vote Yes, and those opposed No. Every one, therefore, should determine previous to going to the polls, how he will vote, that he will be able to answer promptly. We do not think there is any necessity for such a Convention. The present Constitution can be amended without involving the State in the enormous expense of another Constitutional Convention. It will be necessary to impose upon? The Legislature can at any time submit to the people such amendments as may be considered advisable, and the voters can approve such as they like and reject such as they do not favor. When the Constitution can be so easily amended, and at no expense, is it not the better plan to pursue that course instead of calling a new Convention? It is generally regarded as good policy "to let well enough alone," and in our judgment, the voters of this State will act wisely if they will apply this rule in voting on the Convention question.

All who are in favor of economy, and opposed to squandering public funds in trying doubtful and dangerous experiments—all who desire stability in our laws and public policy—all who are opposed to constitution changing, and do not wish to be the tools of designing men, or to minister to the vanity of dangerous who hope to delegate to the proposed convention—all who are opposed to special legislation and to the numerous frauds and speculations it will encourage; and who do not wish with the adoption of the Massachusetts scheme to place negroes as we naturalized white citizens—will vote, as we hope to see Allen County do, unanimously against the convention.

**Union Fair.**—The Union Fair was held at Kandlerly, on Wednesday, Thursday, and Friday last. We were present on Thursday. The exhibition was good, but not as large as we had expected—being probably, in some degree to the oversight of the managers in failing to secure the co-operation of the local press. There were some very fine Durham cattle, prominent among which was the stock of L. D. G. Nelson of this place. The show of fairs was small, but included some very fine specimens. The issue may be said of sheep. There were more numerous, and among them were several fine trotting mares, in machinery and agricultural implements, we noticed a few racing and mowing machines, several mills for crushing sugar cane, and an excellent boiling or evaporating apparatus; a superior lot of ploughs mostly from Michigawka; some good wagons made at Kandlerly, and several fine carriages.

The Bond Hall was an extremely neat affair, and contained a beautiful lot of dolls and other flowers, chiefly contributed, we believe, by Mr. Meyer and Mr. Nelson of this place; besides several specimens of fancy articles, which spoke highly in praise of the skill and taste of the ladies of the district.

The exhibition of fruits was very good; there was also a fine display of various vegetables of all kinds, and some good samples of grain, seed, and other field crops.

The attendance was large. We should think about 3,000 persons was present on Thursday, and on the whole we should say the fair, though not large, was a decided success. We have not yet learned the award of premiums.

P. S.—We have just learned that the total receipts at the gates amounted to about \$1,500.

**Calif. Democratic State Convention.**—The California Democratic State Convention adopted the Ohio resolutions of the last Democratic Convention held in that State, and Mr. Latham, the Governor elect, in accepting his nomination, thus stated his creed:

We stand by the principles of popular sovereignty and non-interference, as they were laid down by the Kansas Nebraska Bill of 1854. We stand by the Cincinnati Platform. We stand by the Administration of James Buchanan; and above all these, we stand by the man who

integrity of the Democratic party, as we feel it upon the success of the principles of our party depends the happiness and prosperity of our beloved and chosen country.

With this platform and this exposition of his ideas, Mr. Latham has been elected by 20,000 majority; both Democratic members of Congress are elected by overwhelming majorities, and the Democrats have also elected almost every member of both branches of the Legislature. The Golden State is sound to the core—Horace Greeley has recently been making an electioneering tour through the State, and trying to patch up an union between the different factions of the opposition. But all this is not well. The Democrats beat the combined opposition 20,000 votes, and Republicans are now extinct in that State.

The result will be a surprise to the opposition in the Atlantic States. Owing to the divisions in the Democratic ranks between Gwin and Broderick they confidently expected to carry the State. They made a perfect fusion with the bolting and disaffected Democrats, but the Democratic State ticket was carried triumphant over all—both republicans and opposition of all shades and colors met a crimson and ignominious defeat.

**Boots and Shoes.**—W. Jacobs & Son, we notice, are doing a good business. Their stock is quite large and well selected—everything in their line may be found among their assortment, of the latest styles and best quality. They are now manufacturing extensively, and having M. Peter Kline, the popular boot and shoe maker of Fort Wayne, associated with them as foreman and superintendent of the manufacturing department, their work will be found of superior quality. They sell cheap, and Mr. Jacobs is well known as one of the most attentive and diligent men to his customers that ever lived. We are glad to learn they meet with success in business, for they assuredly deserve it. See their advertisement.

**Philadelphia, Oct. 3.**

**Another Filibustering Expedition.**—A special Washington despatch to the North American says that it is well known in Filibuster circles here, that another formidable expedition has already succeeded in leaving New York and Charleston, but the parties will make no suspicious demonstration until the plans are matured and the full force is upon the ready, ready for action. Cal. Wheat is now in New York and will have an important position in the crusade. These facts can be implicitly relied on, and our government should be awake to their importance.

**New Orleans, Oct. 4.**

**Tellico & Wabash Railway Co.**—At a meeting of the stockholders of the above named Company, held on Wednesday last, at Tellico, the following named Directors were elected for the ensuing year, viz:

A. Hoadly, John Rose, Isaac H. Knox, B. Wilson, J. B. Varnum, N. A. Murdoch, George D. Morgan, and G. F. Tidmarsh, of New York. H. Pumphrey, Albany. W. Culburn and W. Baker, Toledo. R. Breckinridge, Fort Wayne. G. C. Coal, Logansport. Jas. Spears, Lafayette. W. Kent, Wilmot.

The now Board afterwards met at the same place and elected the following officers of the Company, for the current year, viz:

A. Boudy, President. W. Culburn, Vice President. J. R. Culbertson, Treasurer. J. W. Drummell, Secretary and Auditor. G. H. Burrows, Superintendent.

**Oct. 5.**

**The Fifth Column Expedition.**—The filibusters did not leave New York Bay, but went down the river in the low land Pandier, and were unable to await further accommodation. The men have since landed at South West Pass. Collector Hatch will refuse a passage to the steamship Philadelphia. Mr. Hatch's great precaution has doubtless frustrated the expedition.

**New York, Oct. 5.**

The Times' Washington correspondent says Lord Lyons, the British Plenipotentiary, has succeeded in getting a cable to and from the Indian army to China, and that he has sent a message to the King of Sardinia to refuse a passage to the steamer Philadelphia. Mr. Hatch's great precaution has doubtless frustrated the expedition.

**New Orleans, Oct. 6.**

The Times' Washington correspondent says Lord Lyons, the British Plenipotentiary, has had a protracted interview with Secretary Case, in regard to the departure of the Nicaragua expedition. He announced the determination of his Government to protect Nicaragua by force against invasion. The right and propriety of this course is recognized by the Government of the United States, and therefore, a telegraphic despatch was at once sent to the Commander of the British Squadron, directing him to land his forces at the mouth of the Nicoya River, and to maintain a blockade of that port.

The independence Belgians say, Lord Cowley and Count Wasowski have been commissioned to arrange a sea-cooperation between England and France in the prosecution of the Chinese war. The utmost activity prevailed at Woolwich and elsewhere in getting of munition stores.

**France.**—There was quite a gathering of politicians at Blarritz; in addition to the King of Belgium, Lord Cowley, Count Rexit and Count Wasowski, and gone there, and Count Vaneau and the Duke of Malakoff were entertained. It was rumored that the King of Spain had requested the King of Sardinia to refuse a passage to the steamer Philadelphia for the Legation, their request for transportation to Portugal.

The Times' Paris correspondent says that the report of the day may be credited, there is possibility of a settlement of the Italian question which should satisfy all parties, and the general impression was, that the political horizon was likely seen to be clearer than for some time past.

The Constitutional Assembly, which was also supported by the Republicans, has slight change of election. With three possible exceptions the Democratic Loosanian State Ticket is elected by an immense majority. Both branches of the Legislature are in favor of the Democrats. It will be a short while before the official returns are made. The People's Reform ticket, having the regular succession of that inaugurated in 1856, by the Vigilance Committee, has again triumphed in San Francisco by a handsome majority.

**St. Louis, Oct. 4.**

The overland Mail with date to the 21st arrived to night. The State election resulted in the undoubted choice of Milton S. Latham, Democrat, for Governor, for Governor, by a very large majority, perhaps 20,000. South and North probably voted to Congress, although their opponents, Baker and McElroy, who received the united vote of the Republicans and Anti-Lecompton parties, have the benefit of a slight edge in their favor.

The Anti-Lecompton candidate for State Printer, who was also supported by the Republicans, has slight change of election. With three possible exceptions the Democratic Loosanian State Ticket is elected by an immense majority. Both branches of the Legislature are in favor of the Democrats. It will be a short while before the official returns are made. The People's Reform ticket, having the regular succession of that inaugurated in 1856, by the Vigilance Committee, has again triumphed in San Francisco by a handsome majority.

**St. Louis, Oct. 4.**

The report of the Committee on Constitution and By-Laws was received and adopted.

The motion then proceeded to the election of officers, the result being as follows:

**President.**, I. D. G. Nelson. **Vice Presidents.** D. W. Hixson and T. C. Covington. **Secretary.**, C. G. Gray. **Treasurer.**, O. W. Jeffords. **Librarian.**, C. G. Myer.

The appointment of committee on Fruits, Flowers, Vegetables and Publication was determined.

The subject selected for discussion at the next meeting was, "Fruits on Exhibition."

A fine collection of apples, embracing some varieties but little cultivated in this vicinity, was exhibited by some of the members. Elegant specimens of the Louis Bonne de Jersey and Sante's Orange par were also exhibited.

As the discussion at the next meeting will, it is believed, be one of much interest, and of practical value to every citizen of the County interested in Horticulture, a full attendance of those desiring to join the Society is earnestly requested. Meetings will be held every Saturday afternoon at 2 P. M. in the rooms over the County Clerk's Office.

Their outer wear is always bought from the best makers, and is of the choicest quality, as regards appearance and service, while their home made work is justly celebrated as the best that can be got up. They have now received their fall supply, and are prepared to sell all classes of purchases for the winter. They have on hand a supply of the celebrated copper-toed shoes for children, which are acknowledged to be the most economical article ever made, one pair of these outwearing any two pairs of ordinary shoes. Parents would save money and keep their children's feet warm and dry by buying these shoes.

**Oct. 5.**

**Circus—Anton & Willard's grand circus**
will exhibit at Fort Wayne on Wednesday next, Oct. 12th. This is said to be one of the best companies in the country; the famous Antoni Brothers, Show the fire king, and a host of other celebrated performers are included in this company. Save your quarters—the exhibition will be worth seeing.

**It's Him Again.**—We copy the following well written list of Gov. Willard from that sterling paper, the Marshall Co. Democrat. His big again brother, Burn, he's got no friends:

**Willard's Prescriptions.**—We have had no particular anxiety to run in the name, which Willard's pronouncing course in relation to the formation of the New Pennsylvania, seems to have got the managers who were to be sent to the election of a delegate into the District. After considerable thought and money spent—they agreed upon Fort Wayne as the best location—all things considered. Willard refuses either to sign or ratify the doings and oaths of the commissioners of his own choice, or to reject their report—either of which would place the commissioners on their feet again, to make another selection or communicate the arrangements they had entered into at Fort Wayne. Why he has pursued this course—nobody knows.

Arrival of the Hungarians.

**Fairfax Power, Oct. 1.**

The steamship Hungarian is below coming up with Liverpool direct to Wednesdays 21st, four days later than received by the Am. at New York, and will arrive at Quebec to-morrow.

Great activity prevails in England in preparing the Chinese expedition. Prince Metternich had returned to Paris and held a Conference with Count Walewski. There had been an interview in French Commercial affairs. The Empress had fallen greatly from last year's figure. After several days suspension the Zurich Conference resumed its sittings on the 19th.
